Professional Summary

As a proactive problem solver, I thrive on learning new technologies and enjoy creating innovative projects. My flexibility and eagerness to explore new languages and concepts make me an adaptable learner. Currently pursuing my BCA with a specialization from IBM at United University, I possess strong knowledge in Python, Data Science, and Data Analytics. I'm also actively seeking information related to SQL and Website Development.

Technical Skills

Language and Database: - Python, C, Java, MySQL, HTML/CSS/JavaScript

Visualization Tools: - IBM Cognos

Other Skills: - Pandas, Data Analytics, Machine Learning

Experience

Experience: IBM On-Campus Training

Duration: 2022 - Present

Skills Acquired:

- o Data Science: Gained practical knowledge in data analysis, machine learning, and statistical modeling.

- o Data Analytics: Developed skills in extracting insights from large datasets, data visualization, and business intelligence.

- o IBM Cognos: Familiarized myself with IBM Cognos, a powerful business intelligence and performance management tool.

Projects

Speech Emotion Recognition: -

Developed an SER system for emotion detection from audio recordings.

Achieved 97.08% accuracy.

Used Python, librosa, scikit-learn, Keras, TensorFlow, and Git.

Machine Learning and Deep Learning Projects-

Breast Cancer Model, Cat Vs Dog Classification, Check Digit Recognizing, and more.

Utilized scikit-learn, Keras, TensorFlow, and other libraries.

Image Caption: -

Trained a transfer model of LSTM for image captioning.

Not 100% accurate but a valuable learning experience.

Certifications

Data Visualization, Introduction to Python, Data Science 101, Data Visualization with Python (IBM)

Javascript with Engineer Core (IIIT Prayagraj)

Machine Learning, Artificial Intelligence, Python Programming, Data Science (CodSoft)

Education

10th Passed from CBSE Board from Delhi Public School Allahabad (2019 - 2020) [Scored: 86.5 %]

12th Passed from CBSE Board from Delhi Public School Allahabad (2021- 2022)[Scored: 84.5 %]

Currently perusing Bachelor in Computer Application from United University Prayagraj (2022 – Present)

o First Year: 8.36

o Second Year: 8.39
